PROFILE

I'm a passionate Front-End Developer with a strong focus on building functional and SEO-friendly websites using HTML, CSS, JavaScript, and Responsive Design. I take pride in delivering seamless user experiences across all devices. With a keen eye for detail, I ensure every website I build is both beautiful and efficient. I also leverage GitHub for version control and project collaboration.

WORK EXPERIENCE

North Amis Technologies (Frontend Development)

October 2024 - January 2025

- Developed responsive web applications using HTML, CSS, JavaScript, and SEO.
- Worked on real-world projects, improving UI/UX and website performance.
- Integrated third-party APIs and JSON data into front-end projects to enhance functionality.

Coursera - Meta Front-End Developer Certification

2024 - February 2025

- Completed in-depth training on HTML, CSS, JavaScript, and UX design.
- Built hands-on projects focusing on SEO, accessibility, and performance optimization.
- Learned industry best practices, including version control with Git/GitHub.
